GYMNASTICS

Gymnastics classes emphasize flexibility, gross motor skills, balance, strength, coordination, and social skills. The focus is on teaching skills in small increments and building one skill on another. This allows children to enjoy achieving small goals leading to improvement of their physical and social skills as well as their self-confidence.

The class includes instruction on stretching and warm-up exercises, proper boxing stance, body positioning and punching techniques. Each participant will get to practice the speed bag, heavy bag and focus mitt combos, and other fun conditioning drills. These boxing drills aim to help improve the participant's muscular endurance, focus, hand-eye coordination, and overall strength. The boxing program is also a great stress reliever and self-confidence booster!
